I will have but a few more crasions and I'd rather be among the bomefolks where I can not only keep an eye or my business, but be with my family and friends of a lifetime practically all the time, said Larry.

Gilbert's viewpoint is an interesting one and many athletes in the same discumstances would probably look at it in the same manner as does the stugging New Orleanian.

HAS HAD HIS FLING.

If Larry was a young ball player, without family ties and just breaking into the game, it would be a fatai mistake for him not to go to Cleveland, who are strong favorites to win the American league pennant this season. But Larry has had his fling. He has been in the majors before. The glamor, has worn off for him. He is a homeling. American League Opens On April 14

Junior Major to Play 154 Games, With Season Closing on October 3-Boston Team Closes Earlier Than Other American League Clubs.

CORDING to the official schedule of the American league, released Tuesday, the American league baseball season will open April 14 and close October 3. The schedule shows a restoration of the 154 games chart, which was curtailed last season because of the world war. An innovation in thi-year's schedule is the listing of Sunday games at Washingten and New York.

This is the first time in the history of the league that this has been one at the time the schedule was drafted. The world war was respon sible for this. Last season, games were permitted in Washington and ew York, but the schedule made no provision for these contests. As a result the schedule was revised and a number of games were advanced in order to play on the Sabbath.

Western Teams at Home.

The four Western clubs will open in he West, while the clubs of the East-ill inaugurate the season at the East-ra end of the circuit. Opening games are listed as follows: Detroit at chicago, St. Louis at Tevriand, New York at Philadelphia, Vashington at Boston.

Boston Closes Early.

Boston is scheduled to close the sea-son before the other clubs. The final curtain for the Red Sox will be rung down on Sept. 28. A double header, with Washington billed as the opponent, is on the program for that day. The following day. Sept. 29, New York will close its season at Philadelphia. The last of the Eastern clubs to quit for the season are the Senators and Ath-letics, who meet at Philadelphia on Oct. 2.

Washington has drawn the plum in regard to the greatest number of Sunday games. The Senators have been given 16 Sunday dates. Unichgo and Detroit each bave 15, while St. Louis. Cleveland and New York have been awarded 12 apiece. Philadelphia and Beston have no Sunday games at home, because basefull is forbidden there on the Sabhath.

Boston, Detroit and Washington share alike in the distribution of Saturday games, each being scheduled to play 15 week end games at home. The other 13 week end games at home. The other live clubs have been given 12 Satur-fays each at home.

Labor Day Games.

Chicago, c'leveland, Washington and New York are scheduled to play Labor day games at home on Sept. 6.

Theer are four conflicting dates with the National league, and these are in Chicago, on May 9, June 27. Sept. 5 and Sept. 26, when the Chicago Cubs are scheduled to play at home.

The Western clubs start their invasion of the East on May 11, Chicago will be at New York, St. Louis at Philadelphia, Chycland at Boston, and Detroit at Washington.

The Eastern clubs will make their first western trip on June 8, with Boston at St. Louis, New York at Detroit, and Philadelphia at Cheveland. Philadelphia at Cleveland.
